## Subject Index to Volume 54

- Acromegaly**  
atherosclerosis in 515, 791  
blood pressure and glucose tolerance in 189  
free fatty acids and GH secretion 509  
hyperprolactinaemic, treatment 469  
hypogonadism in 183  
IGFBP-2 and colonic neoplasia 499  
registry pilot study 183  
Sandostatin®/LAR® and leptin 31  
somatostatin analogues in treatment (Commentary) 11  
treated, and diagnosis of GHD 37
- ACTH**  
CRH test in diagnosis of Cushing's disease 601  
desmopressin test in diagnosis of Cushing's disease 609  
ectopic ACTH syndrome (Case report) 839 (Letter) 129, 130  
gene variation and corticosteroid response 813  
GST in hypothalamic–pituitary disease 463  
receptor, in adrenocortical neoplasms 627  
stimulation tests for primary hypothyroidism (Letter) 700  
tests, in HPA axis testing (Commentary) 15
- Activin A**  
relationship with FSH in gonadotroph adenomas 485
- Addison's disease**  
screening for AIRE-1 mutation 335
- Adrenal incidentaloma** 797
- Adrenal tuberculosis** 633
- Adrenocortical adenomas**  
aldosterone synthase gene (CYP11B2) in Conn's syndrome 725
- Adrenocortical neoplasms**  
receptor expression in 627
- Ageing**  
serum PTH associations 583
- Aldosterone synthase gene (CYP11B2)**  
11 $\beta$ -hydroxylase deficiency and 813  
17 $\alpha$ -hydroxylase deficiency and 751  
in Conn's syndrome 725
- Androgen**  
receptor abnormality and undermasculinized genitalia (Case report) 835
- Androgens**  
diversity in developmental actions (Commentary) 707  
prostate volume in hypogonadism 437  
receptor mutations and male infertility 827
- Angiotensin II type 1 receptor**  
in adrenocortical neoplasms 627
- Aortic dissection**  
hypertension, and aortic dilatation in Turner syndrome (Commentary) 155
- Aortic root dilatation**  
hypertension in Turner syndrome 69 (Commentary) 155
- APECED syndrome** see Autoimmune polyendocrinopathy syndrome type 1
- Arginine vasopressin**  
central diabetes insipidus and cardiac performance 97
- Aromatase regulation**  
breast cancer and (Review) 563
- Atherosclerosis**  
in acromegaly 515, 791  
in primary hyperparathyroidism 805
- Autoimmune lymphocytic hypophysitis**  
antihuman pituitary antibodies and 327
- Autoimmune polyendocrinopathy syndrome type 1 (APS-1)**  
211 (Commentary) 433  
screening for AIRE-1 mutation 335
- Autoimmunity**  
thyroid, after treatment of Cushing's disease (Letter) 411
- Blood pressure** see Hypertension
- BMI**  
in central precocious puberty 289  
T lymphopaenia and TNF- $\alpha$  in obesity 347
- Body composition**  
GHD and GH therapy 709
- Bone**  
effects of GH replacement and gender 525  
effects of raloxifene on calcium-PTH homeostasis 575  
effects of transdermal testosterone gel 739  
see also Osteoporosis
- Breast cancer**  
aromatase regulation and (Review) 563
- Cabergoline**  
chiasmal herniation after treatment (Letter) 126  
in hyperprolactinaemic acromegaly 469  
therapy for non-functioning pituitary adenomas 23
- Calcium**  
effects of raloxifene on calcium-PTH homeostasis 575
- Carbohydrate**  
effects of deprivation on protein and thyroid hormone metabolism 75

- effects of GH therapy on metabolism 243
- Carcinoid tumourlets, pulmonary
  - ectopic ACTH syndrome (Case report) 839
- Cardiovascular function
  - atherosclerosis in acromegaly 515, 791
  - cardiac performance in central diabetes insipidus 97
  - cardiac phaeochromocytoma (Case report) 689
  - central diabetes insipidus and the heart 97
  - effects of melatonin in postmenopausal women 261
  - GH and (Review) 137
  - GH therapy and heart rate variability 819
- Children
  - central precocious puberty 289 (Commentary) 287
  - congenital thyrotoxicosis in premature infants 371
  - GH secretion in Noonan syndrome 53
  - growth in dexamethasone-treated preterm infants 235
  - IGF-I and IGFBP-3 generation in  $\beta$ -thalassaemia 253
  - incidence of Graves' disease 547
  - leptin and metabolic hormones in preterm infants 673
  - maternal hyperthyroidism and risk of low birth weight 365
  - short stature, effects of GH on carbohydrate metabolism 243
- Colonic neoplasia
  - IGFBP-2 and 499
- Conn's syndrome
  - aldosterone synthase gene (CYP11B2) in 725
- Corticosteroid response
  - genetic variations and 813
- Cortisol
  - assessment by ITT 17
  - response to ACTH stimulation tests (Letter) 700
- CRH test
  - in diagnosis of Cushing's disease 601
- Cushing's disease/syndrome
  - CRH test in diagnosis 601
  - desmopressin test in diagnosis 609
  - outcome of transsphenoidal pituitary surgery 617
  - pituitary paracrine PTHrP secretion (Case report) 555
  - recurrent, in pregnancy (Case report) 273
  - thyroid autoimmunity after treatment (Letter) 411
- Cyproterone acetate
  - in treatment of hirsutism (Letter) 699
- Cytochrome P-450c17 $\alpha$  (CYP17)
  - in 17 $\alpha$ -hydroxylase deficiency 751
- Desmopressin
  - central diabetes insipidus and cardiac performance 97
  - in diagnosis of Cushing's disease 609
- Dexamethasone
  - effects on leptin system 533
  - growth restriction in preterm infants 235
- Diabetes
  - central diabetes insipidus and cardiac performance 97
  - hydrocortisone replacement and 593
  - type 1, screening for AIRE-1 mutation 335
  - type 2, and IAPP gene S20G mutation 541
- Diane 35
  - in treatment of hirsutism (Letter) 699
- Diet
  - effects in congenital generalized lipodystrophy (Letter) 412
- Dopamine agonists
  - in hyperprolactinaemic acromegaly 469
- Dopaminergic tone
  - in HIV-infected men 731
- Endometrial hyperplasia
  - long-term mifepristone (RU486) and (Case report) 399
- Endothelial function
  - effects of oestrogen supplementation in men 175
- Erratum 703
- Free fatty acids
  - effects on GH in acromegaly 509
- FSH
  - relationship with activin A in gonadotroph adenomas 485
- Gender
  - GH replacement and bone 525
  - leptin levels in virilized females (Case report) 693
- Genetics
  - AIRE-1 mutation in isolated endocrinopathies 335
  - aldosterone synthase gene (CYP11B2) in Conn's syndrome 725
  - aldosterone synthase gene (CYP11B2) variations 813
  - androgen receptor abnormality and undermasculinized genitalia (Case report) 835
  - androgen receptor mutations and male infertility 827
  - autoimmune polyendocrinopathy syndrome type 1 (APS-1) 211 (Commentary) 433
  - characterization of 17 $\alpha$ -hydroxylase deficiency 751
  - chromosome 11 monosomy of pituitary adenoma in MEN 1 (Case report) 117
  - congenital generalized lipodystrophy (Letter) 412
  - expression of CYP27A in liver and kidney 107
  - GHRH receptor mutations in somatotrophinomas 301
  - IAPP gene S20G mutation in Chinese subjects 541
  - mutation in GnRH receptor gene 493
  - mutations in GHRH receptor gene 681
  - p53 in pituitary adenomas 317

- paraganglioma genes (Commentary) 573  
 in pathophysiology and management of osteoporosis (Review) 1  
 receptor expression in adrenocortical neoplasms 627  
 serum exon 3-retaining and exon 3-deleted GHBP 61  
 somatostatin receptor types in thyroid carcinoma 641  
 toxic multinodular goitre in thyroid hormone resistance (Case report) 121  
 TRHR-1 mRNA in pituitary adenomas 309
- Genitalia, undermasculinized (Case report) 835
- GH  
 assessment by ITT 17  
 axis disturbances in  $\beta$ -thalassaemia 253  
 cardiovascular function and (Review) 137  
 in children with Noonan syndrome 53  
 effects on carbohydrate metabolism in small children 243  
 GST in hypothalamic-pituitary disease 463  
 secretion in acromegaly, and free fatty acids 509  
 therapy: body composition and quality of life 709  
 therapy: gender, bone metabolism and BMD 525  
 therapy: and heart rate variability 819
- GHBP  
 exon 3-retaining and exon 3-deleted in human serum 61
- GHD  
 body composition and quality of life 709  
 diagnosis in treated acromegaly 37  
 GH therapy and heart rate variability 819  
 mutations in GHRH receptor gene 681
- Ghrelin  
 mRNA expression in pituitary adenomas 759
- GHRH  
 mutations in receptor genes 301, 681
- GH secretagogue receptor (GHSR)  
 mRNA expression in pituitary adenomas 759
- Glucagon  
 lipolytic effects (Letter) 125  
 stimulation test, audit 463
- Glucocorticoids  
 insulin and the leptin system 533
- Glucose  
 effects of melatonin on metabolism 339  
 effects of oestrogen replacement on metabolism 165  
 tolerance, and hydrocortisone replacement 593  
 tolerance, and hypertension in acromegaly 189
- Goitre  
 toxic multinodular, in thyroid hormone resistance (Case report) 121
- Gonadotrophin releasing hormone (GnRH)  
 mutation in receptor gene 493
- Gonadotrophins  
 central precocious puberty and 289 (Commentary) 287  
 isolated deficiency and routine neuroimaging (Letter) 127
- Graves' disease  
 childhood, incidence of 547  
 induction of euthyroidism by antithyroid drugs 385  
 ophthalmopathy and quality of life changes 391  
 propylthiouracil therapy and MPO-ANCA 651  
 quantitative orbital MRI in ophthalmopathy 205  
 screening for AIRE-1 mutation 335  
 thionamide-induced neutropenia in pregnancy (Case report) 559  
 TSH receptor binding antibodies in 89
- Growth  
 restriction in dexamethasone-treated preterm infants 235
- Hashimoto's thyroiditis  
 screening for AIRE-1 mutation 335
- Heart see Cardiovascular function
- Hip fractures  
 effects of vitamins K and D on undercarboxylated osteocalcin 219
- Hirsutism, treatment (Letter) 699
- HIV infection  
 dopaminergic tone and prolactin in men 731
- Homocysteine (plasma)  
 in hyperthyroidism and hypothyroidism 197
- HRT  
 effects of melatonin in postmenopausal women 261  
 oestrogen replacement and glucose metabolism 165  
 oestrogen replacement in Turner syndrome 159 (Commentary) 157  
 risk of falling and 769
- Hydrocortisone  
 therapy, diabetes and glucose tolerance 593  
 therapy, and intraocular pressure 267  
 17 $\alpha$ -Hydroxylase deficiency  
 genetic characterization 751  
 11 $\beta$ -Hydroxylase deficiency genetic variations and 813
- Hyperaldosteronism, primary  
 aldosterone synthase gene (CYP11B2) in Conn's syndrome 725
- Hyperparathyroidism  
 serum PTH associations in old institutionalized people 583  
 urate and atherosclerosis in 805
- Hyperprolactinaemia  
 effects of menopause and pregnancy 295  
 treatment in acromegaly 469
- Hypertension  
 aortic root dilatation in Turner syndrome 69

- (Commentary) 155
- cardiac pheochromocytoma (Case report) 689
- relationship with glucose tolerance in acromegaly 189
- Hyperthyroidism**
  - induction of euthyroidism by antithyroid drugs 385
  - maternal, and risk of low birth weight 365
